Happy New Year!

5 Jan 1991

I'm rather excited!! First, I have a new program for the computer to make getting the Journal out to you easier (when I get it mastered and can quit checking the manual at every whip stitch). Some of the things it does - underlining, **boldprint**, *italics*, various sizes and styles of print, ^{superscript}, _{subscript}, the capability of moving whole blocks of text and centering,

A second program to index all this good stuff - like the next volume of five generation charts - is on the way.

I have used the new program on this Journal but there's not too much evidence of it. I got so excited using it and combining it with material submitted by you folks that I soon had 68 pages for a 50 page issue. Some of it had to go; I chose to cut some of the material that I had written from info supplied by you. As it is, this issue is still a WHOPPER!

Several of you have been busy reading cemeteries. Keep up the good work. Doty King of Cambridge is compiling a list of all the cemeteries that we have published so far - and trying to get names for those to be read. She'd appreciate any input you might have. (Note the different print style and size.)

Next week the Executive Committee meets to begin preparations for the 1991 gathering - and to begin the process of finding a new secretary. Raydine - bless her heart - has been secretary pro tem since Bill Smith's illness interfered with the task. Get well, Bill; you're in our thoughts and prayers.

I wonder how many of you have family in the Persian Gulf. Our son Jene whom many of you will remember from earlier gatherings is there. Let's pray that this will soon be resolved and our families once again reunited.

Now that the Christmas season is over and my life has become a little more settled, I've started to work again on the Pioneer Potpourri book which will be dedicated to Ben Mitchell. If you have anything that you think could be included, please send to me at home - 105 W. Russell Ave., West Lafayette, OH 43845. It doesn't need to be typed - just so that I can read it - and no particular length - remember, this is potpourri - a bit of this and a bit of that.

Jolen Scott Bracken of Brandon, FL, sent a tidbit from the Florida Chapter, OGS newsletter, which had been reprinted from two other newsletters. The Dept. of the Army is asking for the loan for your photos of Civil War veterans for copying. In return, the Army will give you a complimentary 8x10 copy. Their goal is to have a likeness of as many Civil War soldiers as possible. They will be catalogued and available for future researchers. Include all identifying info that you know such as name, rank, unit and dates of birth and death, and places lived. Write first so they can send a franked mailing label for sending your photos. This will be free postage. Write to: Michael J. Winey, Department of the Army, US Army Military Institution, Carlisle Barracks, PA 17013-5009.

PRESIDENT'S NOTES

William H. "Bill" Smith: Bill is resigning as Sec.-Treas. of HCPD due to health problems. His doctor has reduced his activities considerably. I talked to Bill Nov. 11, 1990, by phone and he assured me he wants to be as active in HCPD as his health permits. We wish for Bill a rapid regaining of his health.

58 new books: As I understand the alertness of HCPD members, Nancy Allman, Parkersburg, who called our HCPD Editor, Joy, who called Raydine who called the President, about the West Virginia Heritage Collection by Jim Comstock. HCPD purchased the books and Ed Allman furnished the wheels that helped bring the valuable books to our Library from Parkersburg.

Bruce and HCPD: Dr. Bruce Redd, Biology Professor, Alderson-Broaddus College, Philippi, WV, is interested in "Digs". Vice Pres. Bob Smith and I took a day to tour historic Hacker's Creek area with "Bruce" as he prefers to be called. Starting at the headwaters in Upshur County, Bob pointed out the many historic places. Raydine met us at the Plantation Inn Restaurant where we enjoyed lunch together while reviewing the many sites on the 6' by 18' painting there. We visited the Taylor farm on Jesse Run and the Cronin farm on Life's Run where Indian history took place. Bruce went home with three arrow heads given to him by Hacker's Creek families.

Digs, flint chips and apple pie: Bill Waggoner, HCPD member, Grafton, Bob Smith and I walked for three hours in a 10 acre field on the Cronin farm, Life's Run, looking and digging for arrow heads, October 26, 1990. We found about 6 flint chips but no arrow heads. Jo Cronin served us apple pie and hot coffee. We "dugged" that apple pie! Later that day we toured Millstone Run where Bill believes we may have found the Peter Waggoner home site near Fairview across Hacker's Creek.

Corn sheller, walnuts, and grass sod: Joe and Raydine Teicheira, (Raydine, our past Sec.-Treas.) picked up several bushels of walnuts at their home place in Jane Lew. The president transported them to the Bailey Dairy Farm near the Morrison Cemetery where Bill Waggoner and Ed Allman and I shelled 3 bushels of walnuts which yielded nearly 800 walnuts by noon, using the Bailey corn sheller. In the afternoon we planted walnuts spaced about 7' by 8' apart in the Morrison Cemetery where John Hacker and his wife are buried. As any farmer can tell us, a grove of walnut trees makes a shaded area with good grass sod free of most weeds. Let's hope the chipmonks and ground squirrels don't find more than $\frac{1}{2}$ of them.

Irma, Raydine, and the President: The HCPD Sec.-Treas., Librarian and President presented a program to a room full of retired school teachers, Weston, Sept. 18, 1990. We formed a panel and each of us gave a brief description of our organization, Journals, brochures, maps, seminars, tours, annual meetings, and Library.

Joy, Bob, and West Hall: On Nov. 7, 1990, Weston, at the Episcopal Church West Hall, Joy Gilchrist, our Editor, and our Vice Pres. Bob Smith made presentations to a select group of Lewis County high School students (about 30 in number). Joy spoke on how to start a search of family names and family histories. Bob spoke on local and area history. HCPD thanks each of them!

PRESIDENT'S NOTES - page 2

A MEGA Hospital Waste Incinerator on Hacker's Creek? Not if HCPD, the Wes-Mon-Ty 12 county Resource Conservation and Development area and a Lewis County organization have their say! However, the battle is still being fought. I learned of an industry in Clarksburg which is owned by a man in California who may have an alternate method of processing hospital waste materials. I called him in California on October 22, 1990, and by chance he was flying to Clarksburg On October 23, and would be glad to meet with us on October 24, 1990. I coordinated a series of contacts with the cabinet level health officials at Charleston, the Lewis Coounty Organization and the RC&D and we met for 2½ hours at Mr Jerry F. Englert's office, Clarksburg. As a note of interest, each HCPD member may consider writing to Mr Englert encouraging him to get his process approved. His address is: Jerry F. Englert, President and CEO, Winfield Industries, 9750 Distribution Ave., San Diego, Calif., 92121, Phone: (619) 271-4861. I would really appreciate receiving a copy of any replies any of you may receive and I will continue to assist in coordinating with local groups. Each of you would be proud to know and learn of the great amount of time the Lewis County citizens have spent working to defeat the installation of a mega hospital waste incinerator on Hacker's Creek.

A Micro film viewer and printer: HCPD does not have one. We need one! Does any one know of such a piece of equipment that may be given to HCPD? The viewer in the Louis Bennett Public Library is aged and not worth repairing. The same story at the Lewis County High School. We have on loan four reels of micro film that has at least 1700 pages of genealogical data of 60 families in this area. Minnie McWhorter did the research some years ago. Who will be the first to respond either as a family or organization?

Maurice L. Allman, President

"If men could learn from history, what lessons it might teach us!"

NOTICE:

The Minnie McWhorter Micro Film tapes are available for use at the Louis Bennett Library in the Hacker's Creek Pioneer Descendants Library room. The Library Micro film Viewer and Printer is available for "viewing only" in the H.C.P.D. Library room. These tapes are Minnie McWhorter's working material on early families in Lewis County, W.V.

Bud Allman

Dear Cousins,

In the last issue I wrote my "farewell" letter, and here I am, back again! We do hope Bill has a speedy recovery, but it's been a scramble to get the work done. As Maurice told you Bud Allman has taken over money management. I've been doing files, publications and letters, but we hope to have a committee that will meet every week at the library to get the work out promptly. A secretary is hard to find for two reasons - the time involved and the fact that we must have someone from the geographical area.

So -- we keep busy! Maurice and Bob have all sorts of projects to work on - they seem to have inexhaustible enthusiasm, and energy too!

Joy's trips to WV were worthwhile. She did a great job of public relations, making many people aware of our activities. She and Bob spoke with Lewis county pupils who were receptive and extremely interested. It's so important to give these children a sense of pride and self-worth, and how better than to learn about their intrepid ancestors who settled this area.

We have sufficient 5-generation charts to get started preparing them for publication after the holidays. The picture history books present a more complicated problem. We hope Chairman Bill Hayes will have an opportunity to meet with us next spring to help us resolve some of the problems that have arisen.

This may not reach you until after the holiday season - but - Happy Holidays and love from

Raydine

Brierpoint Cemetery

This cemetery is located near the Roanoke boat dock of the Stonewall Jackson Lake. To reach it, take the Roanoke exit of Interstate 79, go south 2.3 miles on US Rt. 19, turn left onto the dock entrance road. After passing the dock checkpoint continue past a road on the left, bear right at the next intersection, going straight past the next one on the right. The cemetery can be seen on the right at one mile from the US 19 highway. It is also known as the old Smith Cemetery; marriage connections are with the TAYLOR and COLE families. The location has been fenced by the Corp of Engineers and well maintained. Copied 28 Aug 1990 by Hartzel G. STRADER.

THE LIFE AND TIMES
OF
JOHN THEODORE SCHIEFER
(1830-1864)
LEWIS COUNTY HERO - CIVIL WAR TRAGEDY
by
William Foster Hayes III

PART VII
(CONTINUED)

Of the Lewis Countyans who served in the Federal Army, I have already noted those in John Theodore Schiefer's Co. B, 15th WV Inf Vol. Records for the Union Army are in better shape than those of the Confederacy, so those soldiers are easier to enumerate. Again I depend, however, on Roy Bird Cook for accuracy.

The 10th Regiment of West Virginia Volunteer Infantry was recruited by Dr. Thomas M. Harris, a physician of Glenville, who was named its Colonel on May 3rd, 1862. Forty-one Lewis Countyans served in Co. A, 10th WV, under Captain Morgan A. Darnall (of Upshur Co), age 34. Mustered in March 13th, 1862, Co. A included:

- 1st. Lieut. Bousse, Joseph G. - age 24 (discharged disabled)
- Sgt. Anderson, James J. - age 25 (sick)
- Corp. Anderson, Will D. - age 25
- Corp. Cunningham, E. G. - age 29
- Corp. Rexroad, M. H. - age 30

That totals four and a half companies of just Lewis Countians!

The men of the 10th WV stayed fairly close to home in 1862, moving from Webster to Beverly to New Creek to Winchester. There, on January 1st, 1863, they were attached to General Robert Huston Milroy's Upper Potomac Division, 8th Corps, Middle Department and the District of Winchester.

John Theodore Schiefer

Co. D, 15th WV's military itinerary was almost identical to that of Co. B's. So, as I follow John Theodore Schiefer's Company assignments, you can figure that Co. D was in the same locations.

The highest ranking officer in the Federal Army from Lewis County was Brigadier General Joseph Andrew Jackson Lightburn. Born near West Newton, Westmoreland Co, PA, September 21st, 1824, he was the son of Benjamin Lightburn and Rebecca Fell. The Lightburn family moved to Lewis Co in 1840, where they established Lightburn's Mills, a few miles below Jackson's Mill. Lightburn and T. J. Jackson, the same age, became fast friends, attending such schools as were available and taking part in the religious activities of the Broad Run Baptist Church. Their careers paralleled closely, as Lightburn matriculated at West Point 1842-6, went immediately into service in the Mexican War 1846-51. He married Harriett Ann Whittlesey in 1855; they had 5 children.

August 4th, 1861, Lightburn was appointed Colonel of the 4th (West) Virginia Infantry. One year later he assumed command of the District of the Kanawha, following the withdrawal of General Jacob D. Cox. Early in 1863, Col. Lightburn was ordered to Vicksburg, MS, for service with the Army of the Tennessee, under Grant. On March 14th, 1863, he was promoted to Brigadier General and placed in command of the Third Brigade, Blair's Division, Sherman's Corps. He later participated in engagements at Jackson, MS, Chickamauga, GA, and Sherman's advance on Atlanta. The final 5 months of the War, General Lightburn led the 2nd WV Inf Vol. Following the War, he served in the West Virginia Legislature 1866-7, was ordained a Baptist Minister in 1869, remained in that capacity until his death in 1901. Lewis County has rightfully been proud of this distinguished servant.

The 3rd West Virginia Cavalry Regiment was formed in the spring of 1862, under Lieut. Col. David H. Strother. Lewis Countyans who served in this heroic volunteer group included:

- Maj. Anderson, Charles E. (of Weston) - Co. I
- 2nd Lieut. Rexroad, Nathan
- Pvt. Anderson, L. D. - Co. I
- Pvt. Ballard, James A. - Co. I
- Pvt. Bragg, W. H. - Co. E

Incredibly, a few young women masqueraded (successfully)
as men and served in the Union Army. However, as far
as I can determine, none were from Lewis County.

NEW CEMETERY LOCATED

Some of us have located a cemetery on a hillside on the west side of Hacker's Creek on property formerly owned by Clifford Jackson. This cemetery is diagonally across the creek from the old Bailey Cemetery in the area sometimes referred to as "the Stalnaker settlement". So far, we have located two stones: Katherine Stalnaker Oct 7, 1791 - Sep 11, 1817; and, Samuel Stalnaker _____ to Sep 11, 1825. Undoubtedly, other stones were there.

Does anyone have names of others who might have been interred in this cemetery or data regarding families who might have lived on the west side of Hacker's Creek between Colvin Hill and the Lewis/Harrison County line?

THE FIRST TWENTY YEARS OF JOHANN MICHAEL BUSCH'S FAMILY

by Philip E. Bush

Johann Michael Busch of Daisbach, Germany was the patriarch of three of the known branches of the Bush family in America. From his three older sons; George Adam Bush, Johann Ludwig Bush, and Johannes Bush came the families who settled first in Virginia's South Branch of the Potomac. From there their families scattered into western Virginia, now West Virginia, into Ohio and on to the west.

Johann Michael Busch was thirty-six when he and his wife Eva Plattner and four of their seven children came to America. They arrived in Philadelphia on the ship Hope the 28th of August 1733. The four who came with their father and mother were George Adam, age 13, Johann Ludwig (Lewis), age 11, Maria Margareta, age 9, and Johannes (John), age 7. The other children were George Michael, age 5, Anna Barbara, deceased, and Johann Adam, age six months.

Copies of the baptism/birth records for each of six of the seven children are given here¹. Using records held by the LDS church, Annette K. Burgert in her book Eighteenth Century Emigrants:² The Northern Kraichgau showed us where these records were to be found. We were not able to find the birth record for George Adam Busch as it was not in the same church book as the other children, nor were we able to contact the minister of the church in Zuzenhausen where George Adam was baptised.

1. see P. 4,5

2. see P. 6

In the Strassberger-Hinke ship lists³ the four children are listed along with their father and mother. For reasons unknown, two younger children were not brought to America. Church book records show that Anna Barbara died at the age of two in 1732 in Daisbach.

In addition to the baptismal records found at Daisbach, we obtained copies of Johann Michael Busch's manumission papers⁴ from the Karlsruhe Archives. These are his request for permission to leave the Principality where he lived and the permission granted by the office of the Elector of the region.

In 1733 the vast majority of the population still lived under a form of serfdom. Those who requested manumission usually paid a tax based on their possessions and wealth before being allowed to leave.

From 1733, the year of arrival in America, to 1738 we lose contact with the whereabouts of the family. Then we find in land records at the Harrisburg, Pa. Archives that Johann Michael Busch made application for 500 acres on a branch of the Schuylkill River. This was returned without being warranted. In 1743 he warranted land⁵ on the Tulpehocken Creek in Berk's Co., Pa..

At about the same time, (1738-1742) Johann Michael and Eva sponsored several baptisms of children of their friends and neighbors in the Christ"Little Tulpehocken" Union Church, Berk's Co., Pennsylvania.

3. see P. 7,8,9

4. see P. 10, 11

5. see P. 12

These records of baptism are from the original church baptismal book. (Kirchenbuch der Evangelische Lutherischen Gemeinde - 1722-1811, Daisbach). The only one we couldn't copy was the oldest son's George Adam, who was baptised in Zuzenhausen, Germany.

The supreme government transmits the enclosed petition of Joh(ann) Mich(ael) BUSCH of Daisbach in the District of Dilsberg requesting permission for him to be allowed to move out of the Electoral Palatinate, with the order submitted that said document dated the 24th of this month (April 1733) is to be considered by the District Office of Dilsberg and the conclusion to be reported back.

Sent to the District Office of Dilsberg with the order to consider the enclosed emigration request, taking into account the decrees in the ZINCK listing (?), reporting back as soon as possible.

The District Office of Dilsberg reports concerning the application of Michel BUSCH of Daisbach that it has nothing to object to against his petition for pardon and consequently for a release from serfdom and also tax-free emigration.

The government takes action, determining that it frees him according to the report.

Going back through this summary of the early years of Johann Michael Busch's family settling in America we find several unanswered questions or points of interest.

1. Why did they come to America with only four of their seven children? Three were left back in Germany. One, Anna Barbara had died at the age of two in 1732. The other two left behind were George Michael age 5 yrs. and Johann Adam age 4 mo..

2. We find no records for the years 1733 to 1738 until church records show baptismal sponsorship entries. Were they indentured out in order to pay for their passage on the ship Hope?

3. How long did the family retain ownership of the land on Tulpehocken Creek? Who lived on it after Johann Michael Busch's death? Both sons, George Adam and Ludwig(Lewis) were married by 1750 and had families of their own. Records indicate Lewis was in Hampshire Co., Va. early in the 1750's. His three children Michael, Sarah, and Leonard were supposedly all born there.

4. Another unanswered question is, what happened to Johann Michael Busch's wife Eva and his daughter Maria Margareta after his death? Johannes (John) seems to be with George Adam and Lewis, his brothers, in Virginia according to Land Records found in Moorefield, Va..

Some Curtis Revelations

John Curtis came to Lewis County some time in the early 1800. I don't know just when. I don't know if he came with his parents whoever they may be a brother, or who. Most families travelled together back in the "old days". One book says that John Curtis came from Rockingham County. A tax list of Rockingham County, Virginia, says a John Curtis was a potter in 1811. A Henry Curtis was listed as a grocery store owner in the Rockingham County, Virginia, tax list of 1811, also. Are these two people the John and Henry that that I am seeking in connection with our Curtis family? Or are they cousins? Is this Henry Curtis the one who came to Lewis County, Virginia, about 1813 and bought the Bush's grist mill and then in 1814 added the first saw mill? Were this John and Henry brothers and did they come to Lewis County together?

John Curtis according to the 1850 Lewis County, Virginia, census shows him living with his son George W. Curtis. John was listed as being born in Virginia and of being 58 years of age making him born in 1792. His wife Prudence Cutnight who is supposed to be John Cutnight's daughter, but have no proof to this fact, was not listed so therefore she must have passed over into the next world before 1850. Her exact date of death and place of burial is unknown to me but some say she is buried in the Curtis-Taylor Cemetery on Curtis Run now called Saul's Run, I believe. I believe John is buried with his wife but I do not know his death date either.

John Curtis bought 96 acres on Little Skin Creek from John Handman in 1836. John Curtis also bought a tract of land on Skin Creek from James May in 1840.

The 1820 Lewis County Census lists John Curtis as having one male 16-25; one female under 10; 2 females 16-25. I know the male 16-25 had to be John but that would make him born between 1795-1804 if my figuring is correct. The female under 10 has turned out to be Elizabeth. One female 16-25 should be Prudence Cutnight Curtis, John's wife. Who is the other female 16-25? Is she Prudence Cutnight's sister Sarah? Is she the Sarah Cutnight who married Zackariah Curtis on 15 Feb 1821 who had his mother Catherine Curtis sign for him to get married and who John Curtis and Zackariah Curtis put up the bond for matrimony to this Sarah Cutnight? Or was this the Sarah Cutnight, daughter of Abraham Cutnight who married Philip M. Linger 1 Aug 1818 and was the son of Nicholas Linger? How does Alexander Curtis in the 1820 Lewis County Census fit in with these other Curtis'? John Curtis and Alexander Curtis put up the bond for matrimony for Alexander to marry Miss Jane Mitchell, daughter of Reverend John Mitchell on 6 Apr 1818. Are John, Alexander, and Zackariah all brothers? Is their mother Catherine? Who was Catherine's husband? Is Sally Curtis who married Spencer Marsh their sister? Did she name her first son John Curtis Marsh after her father or her brother?

The 1830 Lewis County Census shows John Curtis has in his household: 2 males of 5 under 10; 1 male of 30 under 40; 1 female under 5; 1 female of 10 under 15; 1 female of 30 under 40.

The 1840 Lewis County Census shows John Curtis has in his household: 1 male of 5 under 10; 2 males of 15 under 20; 1 male of 40 under 50; 1 female of 10 under 15; 1 female of 20 under 30; 1 female of 40 under 50.

By checking various sources of marriage, birth, death records, deeds, written records by others and family members, the above children have been located as well as some of their families.

John and Prudence Cutnight Curtis' oldest child, a daughter was Elizabeth born in 1820. The oldest son was George W. Curtis who was born May 1822. The next son was Henry born in 1824. Youngest daughter Sarah was born 1827. The last child listed was William Walker Curtis born 29 August 1832. All of these children were born in Lewis County, Virginia. I believe there were probably a few miscarriages or possibly a birth on two and the child died before the census was taken because of the spaces of time in between the births of the children. On the other hand this family may have had just these five children because further down the lineage, Curtis children have several years between the and in some cases would have two or three children and then years later have another child. We will just deal with the five Curtis children we know about.

Elizabeth Curtis born 1820, married 2 Mar 1844 to Isaac B. McNeman son of Philip McNeman. Isaac B. McNeman was born in 1824. Their children were:

Hepaibah McNeman born 1848; died Mar 1921

Mary P. McNeman born 1846

Sarah E. McNeman born 1848

Virginia Ann McNeman born 10 June 1851, died 21 Feb 1930

SLEETH IN IOWA

Lolita Guthrie, 1232 N. Grove, Bowling Green, OH

Here is an obituary from the WESTERN CHRISTIAN ADVOCATE for Mrs. Elizabeth SLEETH who died in Iowa Territory 5 Feb 1839. What was her maiden name whose family moved from Frederick County, MD to Harrison County, Virginia? Whose son was her husband, I. C.? Could the I. C. be "Isaac?"

dead, she yet lives in the hearts of her friends.	R. D. NEALE.	at the me

Died, in the vicinity of Burlington, Des Moines county, Iowa Ter., on the 5th February, 1839, Mrs. ELIZABETH SLEETH, consort of I. C. Sleeth, Esq., in the 36th year of her age. She was born in Frederick county, Md., from which place her father removed to Harrison county, Va. In 1821, she was deeply convicted, converted, and immediately attached herself to the Methodist Episcopal church, in which she continued a humble follower of Jesus until her death. In her last illness, she gave the most satisfactory evidence of her readiness to go hence. She rejoiced that her race was run—her journey ended, and her salvation secured. In this state of mind she remained during her illness, upwards of six months. A large train of friends and family connections mourn indeed, but in the hope of meeting her beyond this vale of tears.		he

THE SKINNER FAMILY

WILLIAM A. MARSH

The following six sheets on the Skinner and related families were prepared from the 1850, 1860, 1870, 1880 censuses for the counties of central West Virginia and the marriages recorded for these counties.

These graphic presentations provide the basic "skeleton" for developing a detailed picture of the Skinner and related families. There are many "holes" which I'm hoping that individuals related to these lines, or doing research on these families can fill. Receipt of missing data will be incorporated into the picture and the presentation reworked, expanded where necessary and revised copies made available to the submitters of data and to the Hackers Creek Journal. This method of presentation of the family line enables us to show visually the overview of the family. If this particular method of displaying a family facilitates filling the "holes" and completing the family line it will be tried on other families.

Corrections and supplemental material should be sent to William A. Marsh, 100 Cynthia Street, Rayne, La. 70578. Look over the six family sheets in detail. Are the names correct? Do you have names to replace initials? Do you know of missing marriages and have dates? What about the years of birth and death. Above all and most important are the individuals in the right line and with the right marriages. The use of the same name in different lines with closely related ages has presented an identification problem. Can anyone tie those segments marked as (A) (B) and (C) to one of the various family lines. The families were developed from the 1880 Census and the 1900 Census for Lewis County. I know there are missing children which needed to be added.

The data boxes in the presentation sheets contain the following data:

Number of Marriages	NAME	Year of Birth
m: Year of Marriage		Year of Death

The history of the Skinner family is developed around Walter M. Skinner. He first shows up in the central and northern West Virginia in the 1820 Census. No Skinners were

listed in the 1810 Census covering Harrison, Monongalia and Randolph Counties. In the 1820 Census only Walter M. Skinner and William Skinner are listed. Walter M. has a family of three sons and one daughter still at home. William Skinner is carried as single and in fact was picked up in the Harrison County Marriages which show him marrying Elizabeth Dye 5 Oct 1821. The easiest assumption would be that William is a son of Walter M. Skinner. In my limited research in the early 1800 area I believe all the Skinners in Harrison, Lewis, Braxton, Gilmer and Monongalia Counties were descendents of Walter M. Skinner.

Mrs Maxine Rose in a recent query in the Hackers Creek Journal states that Catherine Scott had married an Alexander Skinner and upon his death married Edward Posey in 1807. It is possible that Alexander on Sheet 1 was a son of the Alexander Skinner-Catherine Scott marriage and maybe others were raised by Edward Posey. This would account for the Alexander on Sheet 1 being located in the same specific area of Braxton County as Edward Posey.

The following Skinner lines are developed on the six sheets.

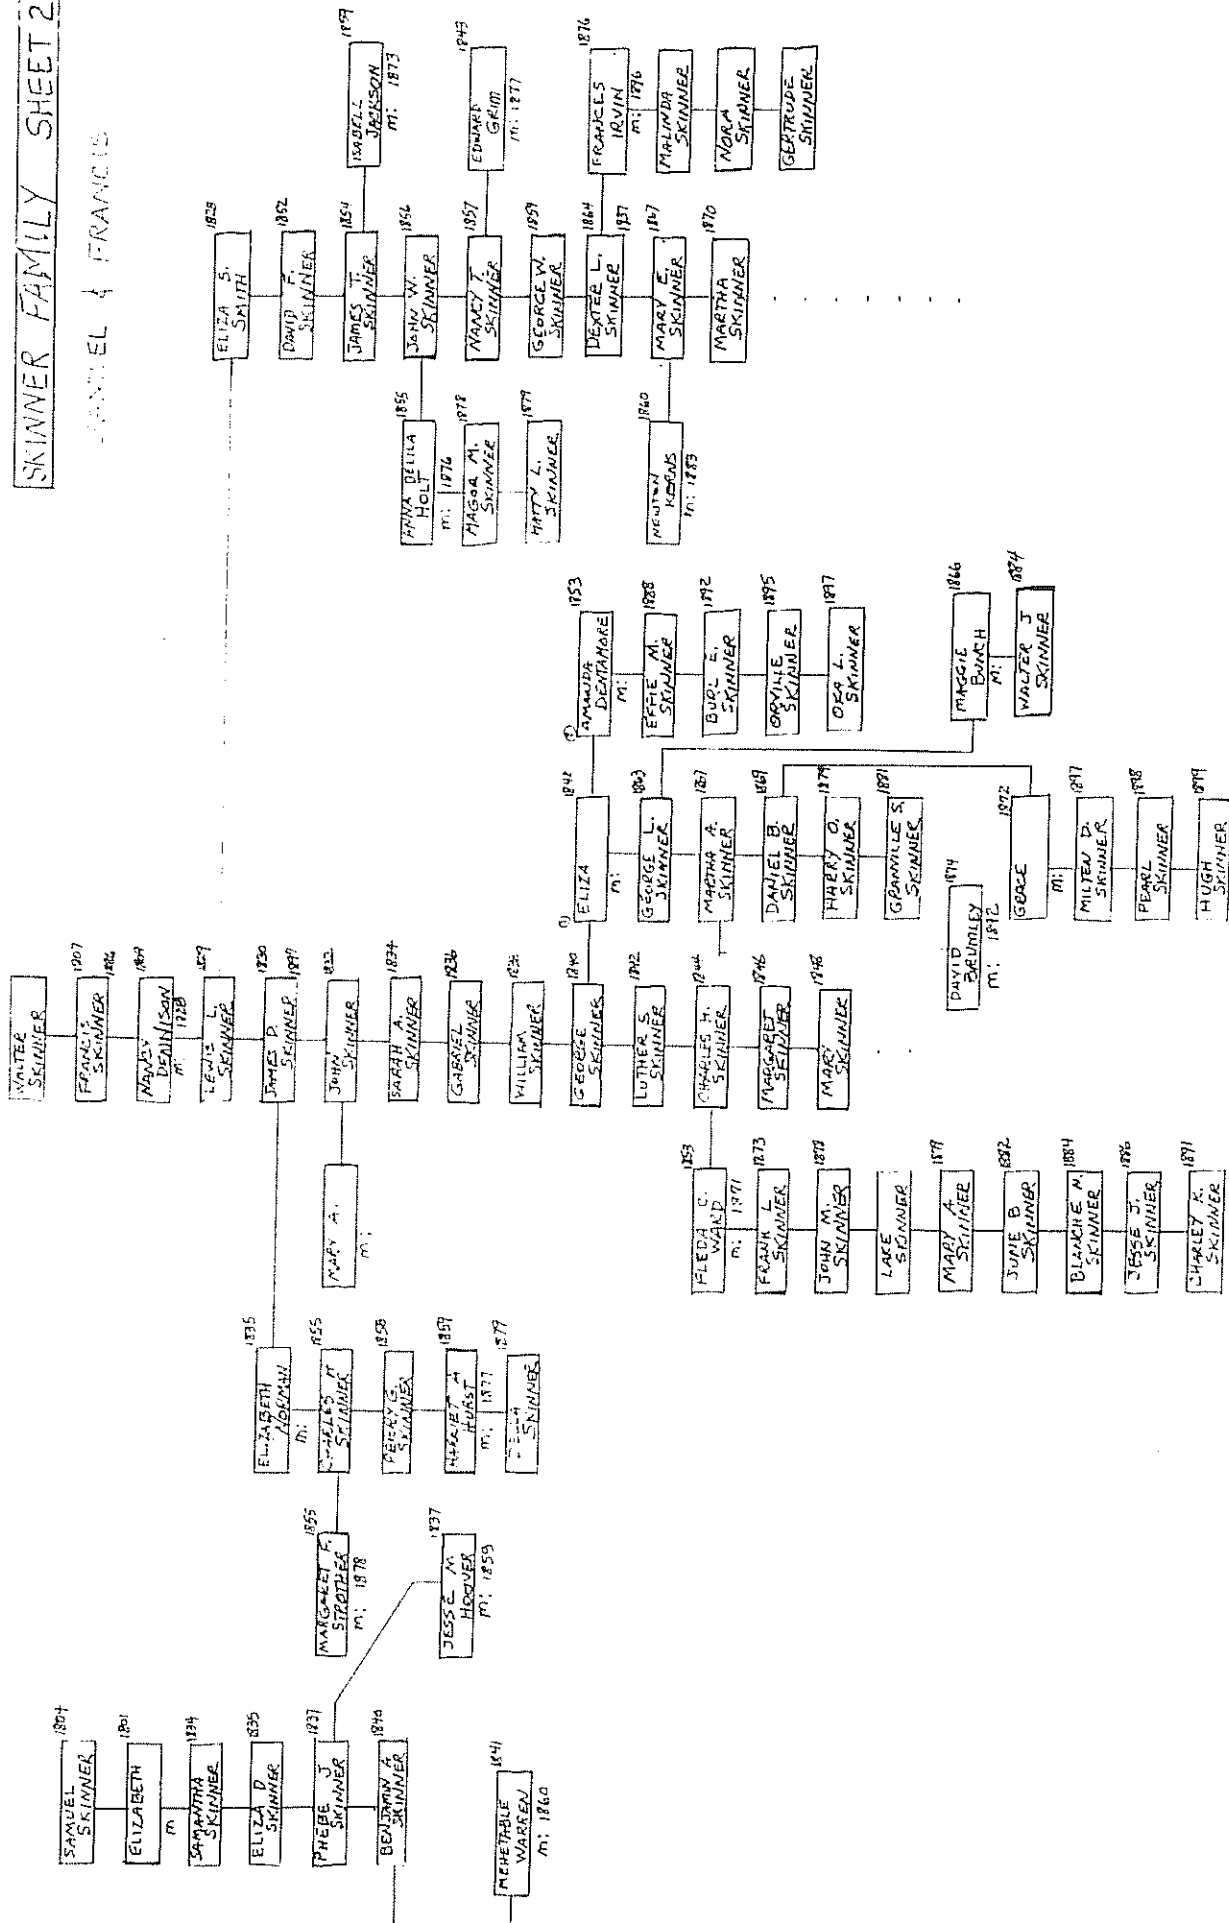

Jane Skinner born 1796 married Robert Carter 1811	Sheet 4
Nancy Skinner born 1797 married John Slaughter 1823	Sheet 5
Nelly (Ellen) Skinner born 1799 married Anderson Dennison 1918	Sheet 5
Sarah Skinner born 1805 married John Dennison 1827	Sheet 6
John Skinner born 1802 married Mary Davis 1823	Sheet 3
William Skinner born 1789 married Elizabeth Dye 1821	Sheet 3
Samuel Skinner born 1804 married Elizabeth-----	Sheet 2
Alexander Skinner born 1802 married Phoebe Conrad -----	Sheet 1

OLD FASHIONED POUND CAKE

One pound butter One pound sugar 10 eggs One pound flour

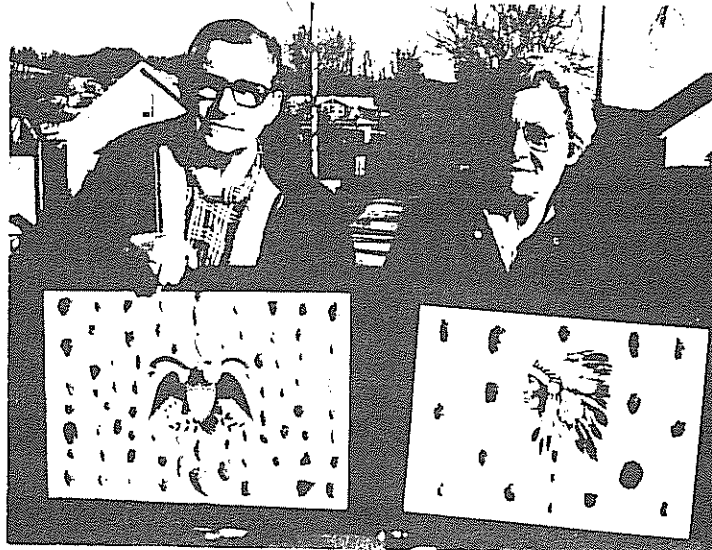

Butter and sugar are first creamed, then yolks of eggs added, then flour. The rule is to beat for one hour, but sometimes you get tired before the hour is up. Last, fold in whites of eggs beaten to a stiff froth; bake slowly for one hour.

ROBERT B. SMITH

JOHN MC INTYRE, THE INDIAN ARROWHEAD KING

Compiled by Joy Gilchrist with research
by Earl Balsley

At the annual gathering in August 1990, Bob Smith told us (Earl, Maurice and Joy) about an arrowhead collection in the possession of John McIntyre of South Park, Jane Lew. That afternoon we went to visit him.

John and his wife, Marguerite, welcomed us to their home and showed us the collection of over 1600 arrowheads (some near perfect specimens) and chips found over a period of time in three locations - their garden, the building site of Crestview Manor Nursing Home, and the hill near the John Mitchell Cemetery. (Most of the chips came from the garden area.) They also shared a stone grinding maul that was uncovered when the nursing home was being built and told of finding some body bones in the wake of the bulldozer. John brought the bones home but was uneasy with having them in his possession; the next day he took them out and threw them back in the dirt to be covered again by the bulldozer.

We discussed the various colors of the arrowheads and guessed the origin of the flint used in each. An expert in Indian artifacts later told me that it was not uncommon to find a large number of chips and heads in one location. Arrowhead makers were skilled workmen who traveled from village to village plying their trade in exchange for other goods. During the summer while the Indians were on Hacker's Creek, an arrowhead maker probably came to visit.

John told us that he had moved his family to Jane Lew from Harrison County. We questioned him about his ancestry and Earl wondered if *his* lineage might not trace back to Charles McIntire, one of the early claimants on Simpsons Creek who died in the Revolutionary War. John didn't know but was able to give us the names of his parents and paternal grandparents. After the gathering, Earl spent some time at the Harrison County courthouse and the Clarksburg library was able to prove that John, the arrowhead king, was, indeed, a descendant of Charles.

A brief outline of the lineage is:

I. Charles McIntire, b ca 1724, deceased by 21 Oct 1783. Charles was married four times, but John's descent is through the second wife, Ann Sullivan, whom he married 11 Nov 1769 at Christ Episcopal Church, Philadelphia, PA. She died before 1772.¹²

II. William McIntire, b 1768, m Rebecca Hall 2 June 1800 in Harrison County with John Denham officiating. Rebecca was the daughter of Richard and Mary (Nutter) Hall. Rebecca's paternal grandparents were John and Phoebe (Ogden) Hall.¹³

III. Jesse McIntire, b 1801, m Elizabeth Orr 8 Apr 1823 in Harrison County. Elizabeth was d/o Nicholas and Ann (Johnston) Orr.

IV. John McIntire, b 1826, m Amelia Harbert 22 Nov 1849 in Harrison County.

V. James A. McIntire, b 1855, m Basheba Linsey, d/o Ashville and Lucinda (Sprout) Linsey.

VI. Elias Fletcher McIntire, b 1872, m Ella Victoria Heldreth. Ella's will of 1937 (Book #20, pp 289-290, Harrison County) lists her husband as E. Fletcher and her son as Forest L. McIntire.

VII. Forest L. McIntire, b 1899, m Bertha Thompson; they were John McIntyre's parents.

Further information on the McIntire family can be found in the Clarksburg library in a manuscript by June McIntire Taylor and Lois McIntire Salisbury and entitled Charles McIntire of Colonial Virginia.
